Formwork and Scaffolding.  
We make it work.

---

### Dokaply Birch 220/220

- High Quality plywood sheet coated on both faces with a 220 g/m2 phenolic overlay
- Extremely high reuse
- Available in 18mm (13 ply) & 15mm (11 ply)
- 4' x 8' sheets, oversize panels available upon request

### Dokaply Birch 167/167 Yellow

- Coated on both faces with an advanced, hybrid overlay that produces a smooth, glossy finish
- The yellow color allows for ease in marking while reducing the temperature of your deck
- Extremely high reuse
- Offered in 15mm (11 ply)
- 4' x 8' sheets

### Dokaply Hardwood HDO

- 100% hardwood panel which will produce a smooth, glossy finish with minimal to no woodgrain transfer
- High reuse
- Available in 18mm (11 ply) & 15mm (9 ply)
- 4' x 8' sheets
- Available as a 1 or 2 sided panel

### Dokaply Hardwood MDO

- 100% hardwood panel which will produce a smooth matte finish with minimal wood grain transfer
- Premium high resin MDO face and coated on the back with a phenolic film
- Average reuse
- Available in 18mm (11 ply) & 15mm (9 ply)
- 4' x 8' sheets
- Available as a 1 or 2 sided panel

### Dokaply Phenolic

- 2 sided hardwood panel that produces a glossy finish
- Average reuse
- Available in 18mm (11 ply) & 15mm (9 ply)
- 4' x 8' sheets

### Dokaply Phenolic Eco

- 2 sided economy hardwood panel that produces a glossy finish
- Unlike pine panels, will lay flat through its use
- Low reuse
- Available in 18mm (11 ply) & 15mm (9 ply)
- 4' x 8' sheets
